

Academic Support

We provide tailored academic support to ensure equitable learning opportunities for all students.

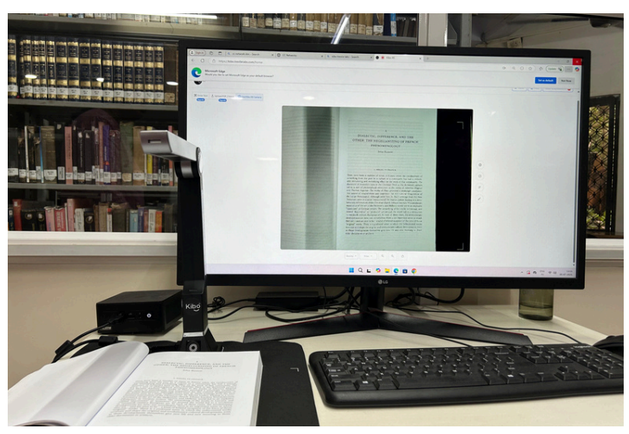

Supports Offered:

- Extended exam time, based on need and verified documentation.
- Scribe assistance for exams.
- Volunteer support for reading, writing, or navigating academic tasks.
- Flexible scheduling for academic projects and assignments to meet individual needs.

Inclusive Education Resource Centre - IERC

Kibo XS Device:

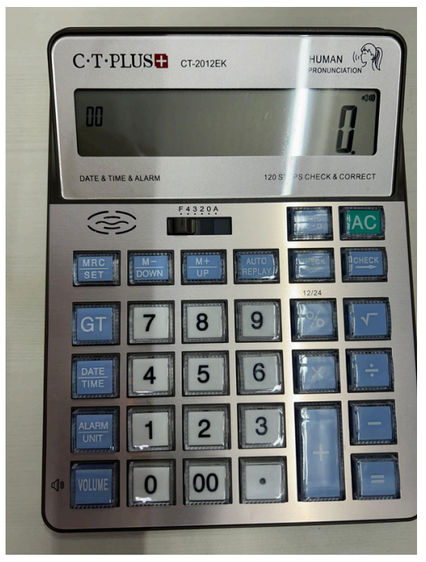

Kibo XS is a smart assistive device powered by AI/ML, designed for visually impaired users. It scans printed and handwritten documents, allowing users to listen, translate, digitize, and convert content into audio in real-time, across 60+ languages.

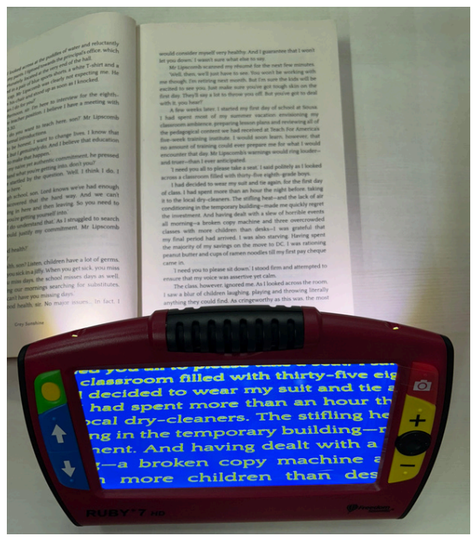

Talking scientific Calculator:

This is a user-friendly talking calculator designed for individuals with visual impairments. It offers clear, human-voiced pronunciation of numbers and functions, along with large buttons for easy operation.

Ruby 7 HD Handheld Video Magnifier:

- Crystal-clear magnification for detailed reading
- Multiple color settings for easy visibility
- Portable design with a built-in stand for convenience
- Image-saving capabilities to store important visuals
- HDMI/USB connectivity for versatile use

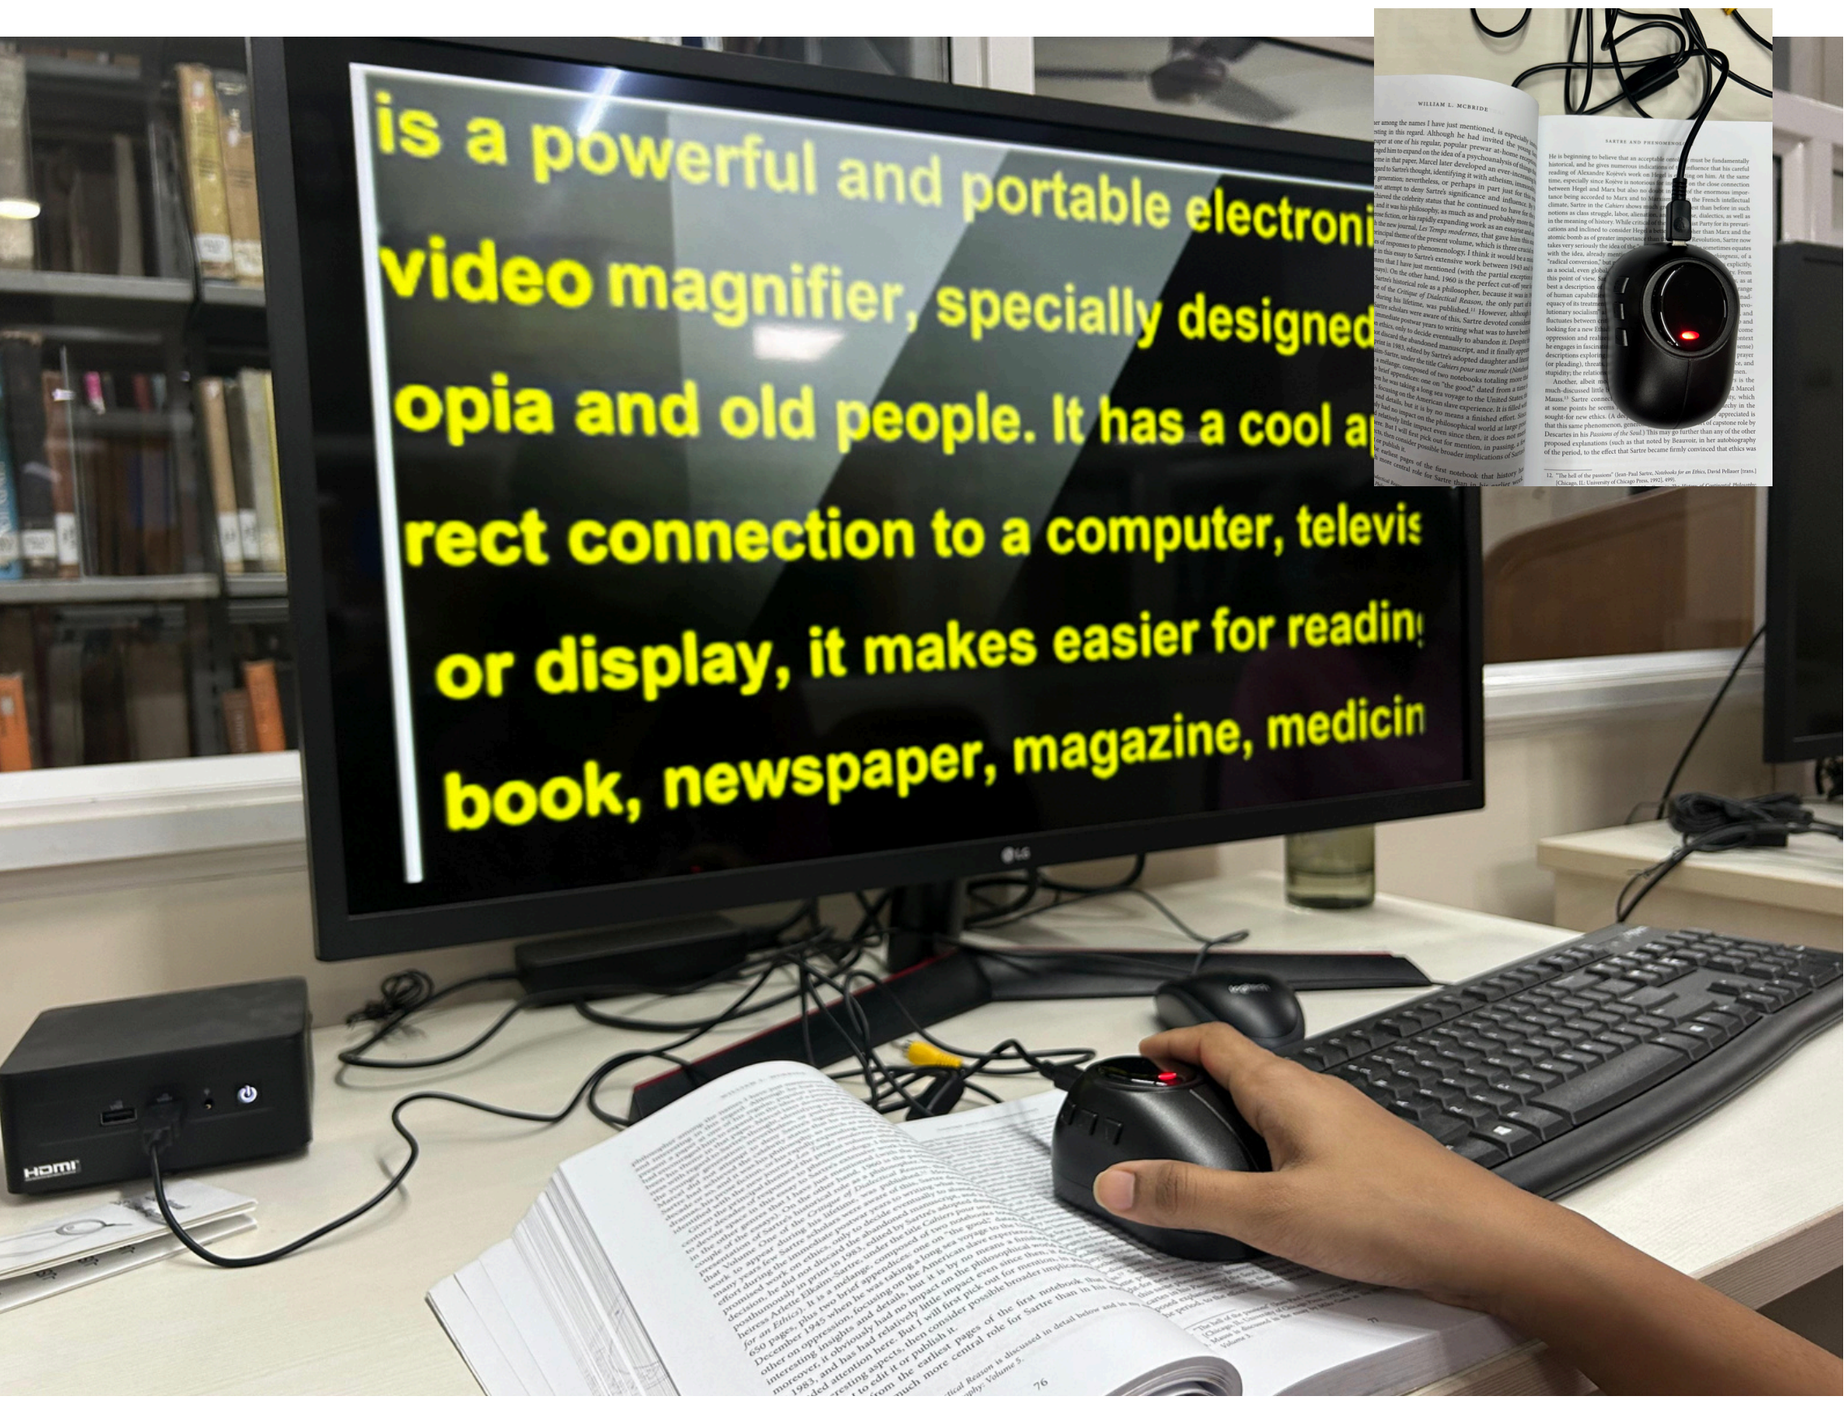

Tactile Geometry Kit:

The Tactile Geometry Kit is a hands-on learning tool designed for **visually impaired** students, featuring raised shapes, textured rulers, and protractors for exploring geometric concepts

USB Mouse Video Magnifier:

The USB Mouse Video Magnifier is a simple, effective tool for individuals with **low vision**. It connects to your computer or monitor, using a built-in camera to magnify printed text and images in real time. Just like a regular mouse, it offers an easy and convenient way to enlarge content for better reading and viewing.
