CAREER PATHWAY CENTRE

[An integrated platform of Placement and Internship, CDC, CDC-R & E-Cell]

Indian Institute of Technology Madras

CAREER PATHWAY CENTRE

INAUGURATION

About CPC

Prof.Sathyan Subbiah,
Advisor,CPC

IIT Madras has established a ‘Career Pathway Centre’ integrating Placement &, Internship, student Career Development Cell, and the student-run Entrepreneurship Cell (E-Cell) of the institute into a single newly established body. The establishment of the Career Pathway Centre is aimed at providing students with a unified platform for diverse career trajectories. This initiative is a pivotal step towards providing students with the opportunities, tools and skillset they need to succeed in the ever-evolving professional landscape.

MESSAGE FROM DIRECTOR

Prof. V. KAMAKOTI
Director IITM

Career pathway centre will be the mother of several great MNC's originating from India with our own IITM students/CTO's.

At IIT career, the focus will be on creating opportunities for our students to become employers rather than employees, shaping their careers as job creators rather than job seekers.

The centralized services through the Career Pathway Centre aim to channelize the process, providing students with comprehensive training, networking opportunities, exposure to entrepreneurial ventures, and an overall enhancement of employability.

DEAN OF STUDENTS

Prof. Sathyanarayana N. Gummadi, Dean (Students)

The Career Pathway Centre, with its three verticals, equips students to face the evolving professional landscape. It provides a dynamic platform for exploring both traditional career paths and entrepreneurial opportunities, instilling a strong support system for students. Our aim is to inspire students to pursue their aspirations, whether it is launching a start-up or building a successful career in established enterprises.

The objective of Career Pathway Centre is to empower students to independently navigate and decide their career paths. It has been designed to provide students with knowledge, essential skills, and exposure to an entrepreneurial environment, all located in one facility.

CD Cell (CDC & CDC-R)

Dr.Mathangi Krishnamurthy
Advisor,(CDC & CDC-R)

View more

Students and scholars are strongly encouraged to take part in CDC/CDC-R sessions, as they provide invaluable support during internships and placements. Utilizing this opportunity effectively will not only give significant edge in the career advancement, but also help develop essential soft skills necessary for confidently navigating interviews with professionalism.

Success in any organization, regardless of the position, relies not only on technical abilities but also on the capacity to collaborate effectively across teams. Authentic interpersonal skills among personnel foster positive collaboration, genuine relationships, and make a meaningful impact on the organization and Career of the personnel.

Powering Entrepreneurship

Dr. Richa Agarwal,
Advisor, E-Cell.

View more

The Entrepreneurship Cell (E-Cell) at IIT Madras serves as a hub for aspiring entrepreneurs, providing a platform to nurture innovative ideas and transform them into viable business ventures. Participation in E-Cell activities equips students and scholars with practical knowledge and networking opportunities crucial for success in the dynamic world of entrepreneurship.

In today's competitive landscape, entrepreneurship goes beyond just launching a business—it requires a blend of creativity, strategic thinking, and effective communication.

Engaging with the E-Cell not only enhances entrepreneurial skills but also cultivates qualities like resilience, adaptability, and leadership, essential for navigating the challenges of building and scaling a startup..

Placement & Internship

Prof. Murugavel P
Advisor,P&I

View more for Internship

View more for placement

At IIT Madras, the placement process is a dynamic ecosystem that serves as a bridge between students and potential employers. By combining cutting-edge curriculum with practical skill development, students are prepared and groomed to excel in diverse industries.

The placement activities at IIT Madras are carefully crafted to provide students with numerous opportunities across different sectors, ensuring they are well-equipped to thrive in the professional world. Advisors play a crucial role in this process by offering valuable guidance and support, assisting students in navigating the complexities of job searching, interview preparation, and career planning. Through personalized mentorship and industry insights, advisors empower students to make informed decisions and pursue fulfilling career paths.

Placement & Internship

Dr. Parasuraman Swaminathan
Co-Advisor,P&I

Internships at IIT Madras play a crucial role in providing students with practical, real-world experience that enhances their skills and knowledge. By combining classroom learning with hands-on opportunities, students are better prepared to face the challenges in their chosen fields confidently and proficiently. These internships offer a wide range of opportunities, from well-known multinational corporations to innovative startups.

Advisors at IIT Madras play a vital role in guiding and mentoring students to secure meaningful internships that align with their academic and career goals. With personalized support and industry insights, advisors help students leverage their internship experiences as stepping stones for future success. This ensures a smooth transition from academic studies to the professional world.

Voice of the Deputy Registrar (CPC)

SHRI Y.E.L. SUDHAKAR RAO PUJARI
Deputy Registrar,CPC

Academics and students form the core of every academic institution, and this holds true for IIT Madras as well. The Career Pathway Centre's administrative team, proficient and capable, works alongside advisors and student representatives to empower students to pursue their aspirations and step into their desired careers. The administrative arm of CPC manages logistics, prioritizes e-governance, and implements office automation as needed, aligning with the needs of today's student body.

Our dedicated team of Advisors, student representatives, and administrative staff is committed to providing personalized guidance and support tailored to your unique aspirations and goals. From career counseling sessions and workshops to resume building and interview preparation, we offer a wide range of services aimed at helping you succeed in today's competitive job market.

We urge you to make the most of CPC resources and actively participate in our events throughout the academic year. By investing in your personal and professional growth, you'll set yourself up for success at IIT Madras and beyond.

Keep in mind your career path is unique, and there's no one-size-fits-all approach. Whether you're aiming for the job market, further education, or entrepreneurship, the CPC is here to help you realize your aspirations.

We invite you to explore our website, reach out to our team, and discover the full range of opportunities available through the CPC. Let's come together on this journey of self-discovery and development as you navigate towards a fulfilling career.
